

# Miniature Hereford Junior Nationals®

THE BEST WEEK OF  
SUMMER

## ABOUT THE MHJN®

Youth from all over the country gather each June to compete with their Miniature Hereford cattle. This event is much more than a cattle show with events, educational opportunities and competitions for our youth. It is a family centered event where parents can join in on some of the activities and where life-long memories are made.

## OUR GOAL

---

Our youth are encouraged to learn, meet new people, push themselves outside of their comfort zones and try things they may not normally consider doing. Our goal is that each youth walks away with a smile and a list of accomplishments. Accomplishments are not always measured in ribbons and banners, but sometimes just doing something they never thought they could do.
