

My name is Darren Osbment and I live in Byers, CO. My wife and I own ROCKINDLO Ranch and raise Miniature Herefords and Quarter Horses. We have been raising Miniature Herefords and members of the MHBA since 2013.

A little about myself, I am a Technical Support Manager for Allscripts for the past 17 years. I work with customers, primarily hospitals, across the nation in patient-related Health Care. My background in promoting services, establishing excellent customer support and developing marketing solutions for customers are key assets. My background and experience in these areas will provide a strong foundation for my work in insuring the continued growth of the Miniature Hereford Youth Foundation and MHBA.

I am currently your MHYF President and seeking a second term to increase growth of current divisions of our foundation and keep driving for higher scholarships for our youth and their educations. The Juniors are the key to the growth of the Miniature Hereford Association.

Thank you.

Darren Osbment
